No one should face abuse at work!

67 workers told us they had been physically abused at work in the last 12 months.

That is NSW council workers alone and only the ones who told us.

64% of you were threatened or abused at work in the last 12 months

43% of you cop it every month, every week, or every day

95% of you want the law changed to protect council workers.

Survey of 1069 local government workers across 99 NSW councils

Retail workers have a law. Council workers don't.

Since 2023, assaulting, harassing or intimidating a retail worker on the job has been a specific criminal offence in NSW.

Now, a new law going to NSW Parliament will go further, letting a court ban a repeat abuser from the workplace.

You get neither.
