- 33.1.1 Outsourcing or contracting out will not diminish the working conditions of this agreement.
- 33.1.2 Work will only be outsourced or contracted out when it can be demonstrated that:
 - a) Peak workloads cannot be met by Endeavour Energy's workforce including reasonable overtime; or
 - b) Where specific expertise, not available in Endeavour Energy's workforce, is required. Where recurring work requires such expertise, Endeavour Energy will make efforts to obtain this expertise by training and/or reorganising its existing workforce. Endeavour Energy will keep the relevant union(s) informed about such training and reorganisation; or
 - c) The use of outsourcing or contracting out the work is commercially the most advantageous option taking into account safety, quality, performance, and cost.
- 33.1.3 In circumstances where Endeavour Energy is examining outsourcing or contracting out of work activities:
 - a) A Contracting Consultation Committee (CCC) shall be formed comprising appropriate representation from Endeavour Energy and the applicable unions. The purpose of the CCC will be to serve as a forum for Endeavour Energy to inform and consult the Unions and their members on all contracting and outsourcing proposals.
 - b) Utilising the CCC - Endeavour Energy will consult the employees and their union(s) and provide them the appropriate time (relevant to the nature of the proposal) to respond with suitable proposals in respect of possible alternative arrangements to outsourcing or contracting out;

- c) Prior to expressions of interest or tenders being called, where employee generated alternatives are received, such alternatives will be considered;
- d) Expressions of interest or tenders when advertised shall be timed so as to provide the employees with an opportunity to submit a conforming expression of interest or tender. If an employee generated conforming expression of interest or tender is submitted, it will be evaluated together with external submissions consistent with the tendering and probity procedures of Endeavour Energy.

33.1.4 When a decision is made by Endeavour Energy to outsource/contract out work not already outsourced or contracted out, or in a review of existing contracts, Endeavour Energy will consider a contract to a contractor that demonstrates:

- a) Contractor(s) undertaking the outsourced /contracted out work will have wages and conditions that are no less favourable than that provided for in their relevant industrial instrument.
- b) It has established appropriate industrial relations policies and practices which promote harmonious employee relations and minimise the risk of industrial disputes and that it complies with appropriate safety standards, environmental standards and quality standards to a level commensurate with the standards Endeavour Energy expects.
- c) If after engagement of a contractor a party to this agreement provides sufficient evidence that a contractor is not providing its employees with correct statutory entitlements, Endeavour Energy will use an independent organisation to audit compliance with these entitlements. If the audit confirms that there is a breach of the statutory entitlements of the Contractor's employees, Endeavour Energy will take appropriate action.

33.1.5 In the event that Endeavour Energy has determined to outsource or contract out work, affected employees will have access to the full range of options available under all relevant Endeavour Energy policies which apply at the time. These options will include training and / or retraining.

33.1.6 Either party may refer this process to the Dispute Procedure in this agreement.

The parties will comply with their obligations under clauses 5 and 6 of this agreement prior to enacting the above. Nothing in this clause diminishes the parties' obligations under clauses 5 and 6.

DISPUTE RESOLUTION PROCEDURE

34. Disputes

34.1 *Dispute Resolution Procedure*

- 34.1.1 The dispute resolution procedure will be used to deal with all disputes arising out of the employer-employee relationship.
- 34.1.2 While a dispute is being dealt with under the dispute resolution procedure the status quo is to be maintained; that is the situation that existed immediately prior to the issue that gave rise to the dispute.
- 34.1.3 While a dispute is being dealt with under the dispute resolution procedure work is to continue as normal. The process will not be accompanied by industrial action.
- 34.1.4 Disputes should, as far as possible, be resolved as quickly as possible, without unreasonable delay, at their source and at the lowest possible level.
- 34.1.5 Disputes should remain in the part of the organisation concerned without interference from employees not involved.
- 34.1.6 All those involved in dealing with a dispute should adopt an interest-based approach. They should appreciate the interests and points of view of the other parties, approach discussions in good faith, work co-operatively to try and resolve the matter, and arrange and attend meetings without unnecessary delay. Endeavour Energy will, where possible, take the needs of employees into account when making decisions.

34.2 *Tier 1 Disputes*

- 34.2.1 Tier 1 disputes will be resolved at the local level as far as practicable and in a timely manner, with the involvement of the following:
 - a) the employee(s) concerned;
 - b) the employee's chosen support person (who may be a union representative or other individual) (if requested by the employee(s)); and
 - c) the supervisor, and manager (if required).

34.3 *Tier 2 Disputes*

- 34.3.1 If the issue or dispute is not resolved at Tier 1 level or is a corporate wide issue, it may be referred to the Tier 2 level with involvement of the following:
 - a) The employee(s) concerned
 - b) The employee's chosen support person or union organiser (or other person designated by the union organiser);
 - c) Relevant senior manager(s), affected local manager(s), and Manager Industrial Relations (or other person designated by the Manager Industrial Relations).
- 34.3.2 An independent third party facilitator may be engaged to assist in resolving the issue or dispute, if agreed by all affected parties.

34.4 *Tier 3 Disputes*

- 34.4.1 If the issue or dispute remains unresolved, it may be referred to the Fair Work Commission for conciliation and/or arbitration, by Endeavour Energy, the union, an employee or their representative with the rights of the parties to appeal being reserved. If both parties agree, a person other than the Fair Work Commission can be asked to deal with the issue or dispute, as provided for under s. 740 of the Act.

34.5 *Other agreed initiatives*

- 34.5.1 There will be joint training of employees, union delegates and line managers in dispute resolution.

The parties will work together actively to identify any "grey areas" in the agreement and seek to agree on the correct interpretation before disputes arise..
